A senior/lead tech recruiter with over 9 years of experience in both external and internal roles, delivering talent solutions for permanent and contract positions, primarily for well-known global financial institutions, FinTechs, and startups. Skilled in sourcing talent across various IT disciplines, from C-level executives to individual contributors, I excel in software development, data analytics, network engineering, and information security.

Achievements:

- Successfully optimized a hiring process, leading to its replication across all external hiring processes and pipelines.
- First recruiter at Link Group (one of the largest recruitment agencies in Poland) closing over **30 hires in a single year** as a junior recruiter **(2016).**
- Supervised a team of three interns at Prodata Consult, all of whom advanced to become Senior Recruiters **(2018)**.
- Achieved a personal best of **9 hires in one month** while employed at Prodata Consult **(2019).**
- Received an award for the best hiring performance within a team of **8 recruiters** at Prodata Consult **(2019)**.
- Successfully closed **3 executive hires in the first month** at ClearScale **(2021)**
- Managed and led the entire recruitment process as a sole recruiter for an AWS consulting company, covering the US and EMEA markets. **(2024- 2025)**
